VIKASH MASKHARE

SUMMARY

Experienced Software Engineer with over 3+ years of experience in building user-friendly interfaces. Proficient in various front-end technologies, I specialize in turning design concepts into interactive web applications. Dedicated to keeping up with industry trends, I am passionate about innovative web development and excel at collaborating within dynamic teams. Ready to bring my expertise to new challenges as a Software Engineer.

PROFESSIONAL EXPERIENCE

Asite Solutions Pvt Ltd   Ahmedabad

Duration: 2022 - Present   Experience: 3+ years

Associate Software Engineer - I

- **UI Development:** Designed and developed user interfaces for web applications, ensuring a seamless and engaging user experience across multiple platforms.

- **Front-End Technologies:** Utilized HTML, CSS, JavaScript, TypeScript and frameworks like Angular and Angular to build responsive and interactive web components.

- **Collaboration:** Worked closely with UX designers, backend developers, and product managers to translate design mockups and wireframes into functional front-end code.

- **Code Optimization:** Implemented best practices for code efficiency and performance, leading to faster load times and improved user satisfaction.

- **Testing and Debugging:** Conducted thorough testing and debugging of UI components to ensure cross-browser compatibility and responsiveness.

- **Version Control:** Managed code versions using Git, coordinating with the team through pull requests and code reviews to maintain high code quality.

- **Agile Methodologies:** Participated in Agile development processes, including sprint planning, daily stand-ups, and retrospectives, to ensure timely delivery of features.

- **Documentation:** Created and maintained comprehensive documentation for UI components and development processes to support team collaboration and future maintenance.

- **Bug and Feature fixes:** Many development and bug-fixing tasks were successfully finished, and Angular 11 to 17 was upgraded, which enhanced platform performance and allowed developers to utilize the new Angular feature.

EDUCATIONS

Bachelor of Technology - BTech (Computer Science)   Year: 2022
Trinity Institute of Technology & Research, Bhopal   CGPA: 7.66

12th (Math Science)   Year: 2018
Board of Secondary Education, Madhya Pradesh (MP board)   74.2%

10th   Year: 2016
Board of Secondary Education, Madhya Pradesh (MP board)   83.66%

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML, CSS, SCSS
Frameworks: Angular, React.js, Node.js, Angular.js.
Database: Familiar with MongoDB
Libraries: Like jQuery for DOM manipulation, Lodash.
Styling Framework: Bootstrap, Tailwindcss.
Component library: Angular material, Angular, and React powered bootstrap.
Build Tools: Familiarity with tools like Gulp, Webpack or Babel.
Industry knowledge: Git, Jira, Bitbucket, SourceTree, Github, Debugging front-end code, dev tools, Local override.

SOFT SKILLS

- ❖ Problem Solving
- ❖ Decision Making
- ❖ Teamwork
- ❖ Quick Grasping
- ❖ Self Confidence

PROJECTS

OrganizeSwift

- OrganizeSwift is a web application designed to streamline task management and enhance productivity. Leveraging a modern tech stack, the platform provides a user-friendly interface for creating, editing and organizing tasks seamlessly.
- Implemented features such as add, update, edit, delete, and organize tasks.
- Skills and Technologies Used: Angular · TypeScript · Node.js · ng-bootstrap · scss · Angular Material · Bootstrap · HTML

InstantNotes

- This Note Taking App is built using the MERN (MongoDB, Express.js, React, Node.js) stack. It provides a simple and efficient way to take and manage notes, making it easy to stay organized and focused.

- Skills and Technologies Used: JavaScript · Node.js · React.js · MongoDB · JSON Web Token (JWT) · Express.js · mongoose · express-validator · bcrypt · Bootstrap · HTML · Cascading Style Sheets (CSS).

CodingForum - Question and Answer Website

- Developed a comprehensive Question and Answer website using JavaScript · jQuery · MySQL · Bootstrap · XAMPP · HTML · Cascading Style Sheets (CSS) · PHP.
- Implemented user authentication, real-time updates, and a responsive design for seamless user interaction.
- Facilitated discussions and knowledge sharing within the coding community.
